

CONVENIENT AND VERSATILE

The Gryphon™ | GPS4400 on-counter, omnidirectional presentation scanner offers hands-free scanning of small, easily handled items and handheld scanning operation for bulkier items. The reader's compact size makes it the ideal solution for space-constrained environments. Its adjustable stand positions the scanner for easy, intuitive reading. The stand can easily be removed if it is not needed, further reducing the overall dimensions of the scanner.

MODERN FEATURES FOR TODAY'S POS

Capable of reading codes from mobile phones, PDAs and computer display screens, the GPS4400 presentation scanner additionally features outstanding near-field reading, a wide angle field-of-view, high motion tolerance, snappy reading and offers excellent performance on decoding poor or damaged bar codes. As with all Gryphon products, it offers good-read visual confirmation with Datalogic's patented 'Green Spot' technology as well as supporting advanced features like image / signature capture and document scanning, eliminating the need for separate equipment at the POS.

SIMPLE TO USE AND DEPLOY

Aggressive imaging performance and simple operation reduces the need for training and speeds the checkout process for better customer service. The precise reading area of the GPS4400 scanner helps to reduce accidental misreads of items - improving productivity and customer satisfaction. Additionally, it has several modes that can be used as a trigger. It can automatically sense objects and trigger itself, or a continuous scan mode captures data whenever a bar code passes into its field-of-view. The reader can also be triggered remotely through software commands.

FEATURES

- Snappy omnidirectional reading
- Intuitive aiming system
- Compact, ergonomic design is ideal for hands-free or handheld operation
- Illumination system optimized to allow easy reading of bar codes from mobile phones, laptops or PDAs
- Image capture
- Available interfaces: RS-232 or USB (USB-HID or USB COM)
- Adjustable stand
- EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

INDUSTRY-APPLICATIONS

- Retail - Point of Sale
- Commercial Services: Postal, Banks, Public Administration, Utilities

About Compsee

Who We Are

Compsee is a leading total solutions provider of barcode collection, mobile devices, and services. We provide RFID system equipment, barcode verifiers, and a range of software to track materials and manage your technologies. We also provide a complete suite of services to aid in the configuration, installation and management of your technologies.

30+ Years of Experience

Our product and service experts have been serving both small and large businesses since 1984. Identifying better technologies and systems to manage your data is our expertise, and over the years we have built a solid network of hardware manufacturers and software developers to provide you with the most advanced data tracking solutions available. We aim to create a customized solution for your unique business needs.

Why Choose Compsee?

Expert Technical Support

Our experts are always available to suggest products and solutions for your needs. We pride ourselves on staying up-to-date with the newest technologies and services and passing this information along to you.

Outstanding Access to Top Manufacturers

Compsee maintains strong strategic partnerships with the leading manufacturers in barcoding, mobile computing, printing and RFID.

Complete Deployment Services

We specialize in custom system setups, including configuration and software loading on your newly purchased equipment. We provide product activation & imaging, inspection, asset tagging, custom packaging and shipping services to ensure your technologies arrive at your business ready for operation right out of the box. Additionally, we are able to install the new technologies and train your employees.

Responsive Customer Service

Every phone call and email is responded to promptly, completely and accurately by our customer service team.

Lifelong Product Support

Our Life Cycle Services provide lifelong support of your technologies after initial installation, including product repair, mobile device management, warranty management, product refreshes, and e-waste recycling. With our advance exchange program, we keep replacement supplies in stock and immediately send them to you to minimize system downtime.

Compsee Reduces Your Cost of Ownership

By leveraging our dependable and high quality managed services, you can rest assured that your Return on Investment is maximized and total cost of ownership kept to a minimum.
